The Department of English, S.D. College, Barnala, organised a one-month Communication Skills Enhancement Programme from October 30 to November 20, 2023, which witnessed enthusiastic participation from 60 students. The programme aimed to refine various facets of communication, emphasising both verbal and non-verbal skills essential for personal and professional development. Practical learning in the English Language Lab was central to the experience, allowing students to engage in interactive sessions covering topics such as effective public speaking, presentation skills, interpersonal communication, and active listening. Workshops on body language and voice modulation were also included. Additionally, the programme incorporated group discussions, role-playing exercises, and mock interviews to foster teamwork and boost confidence. The initiative received overwhelmingly positive feedback, with students expressing newfound confidence and a deeper understanding of the pivotal role strong communication skills play in today's competitive world. Overall, this programme not only fulfilled its objective of enhancing communication skills but also inspired participants to become more articulate and impactful communicators.

ABOUT ORGANISING DEPARTMENT

Department of Mathematics is supported under DBT STAR college scheme (Ministry of Science and Technology, Govt. of India) since 2022. In year 2023 Computational Mathematics Laboratory has been setup to provide outstanding environment in learning Mathematics through practical oriented learning.

WORKSHOP OBJECTIVE

The objective of this program is to enhance the knowledge of programming skills which help the students, researchers and faculty.

Why MATLAB?

One day Hands-on-training program “Exploring Oscilloscopes: CRO vs DSO” on 18 March 2024

Under the DBT Star college Scheme, the Physics Department at S.D. College Barnala organised one-day hands-on training programme on March 18, 2024, titled "Exploring Oscilloscopes: CRO vs. DSO." Dr. Asha Rani, an assistant professor in the PG Department of Physics at Dev Samaj College for Women in Ferozpur, served as the program's resource person. In first session, Dr. Asha Rani gave a brief explanation of the DSO and CRO's functioning principles, their applications, and the benefits and drawbacks of each depending on the measuring circumstances. The second session covered the practical uses of these two instruments in the several Physics Practicals prescribed in syllabus of B.SC Physics. Under the direction of a resource person, B.SC. II and III students enthusiastically performed various experiments using these devices. In addition, students were taught how to test a variety of electrical components, including diodes, NPN and PNP transistors, capacitors, and others, using these two devices. Approximately forty students of B.SC. II and III in two batches took part in this one-day training program. On this occasion, Prof. Ashwani Kumar Sikri, Vice Principal, Dr. Baltej Singh, Dr. Manoj Kumar Gupta and Dr. Sanjay Kumar Singh were present. Dr Baltej Singh gave vote of thanks.

ABOUT ORGANISING DEPARTMENT

Department of Mathematics is supported under DBT STAR college scheme (Ministry of Science and Technology, Govt. of India) since 2022. In year 2023 Computational Mathematics Laboratory has been setup to provide outstanding environment in learning Mathematics through practical oriented learning.

WORKSHOP OBJECTIVE

The objective of this program is to enhance the knowledge of programming skills which help the students, researchers and faculty.

Why MATLAB?

MATLAB is a high-level computer language for scientific computing and data visualization built around an interactive programming environment. The great advantage of MATLAB is that it allows the user to concentrate more on the principles behind the program and less on programming itself.
